

Make a Pyramid

What You Need

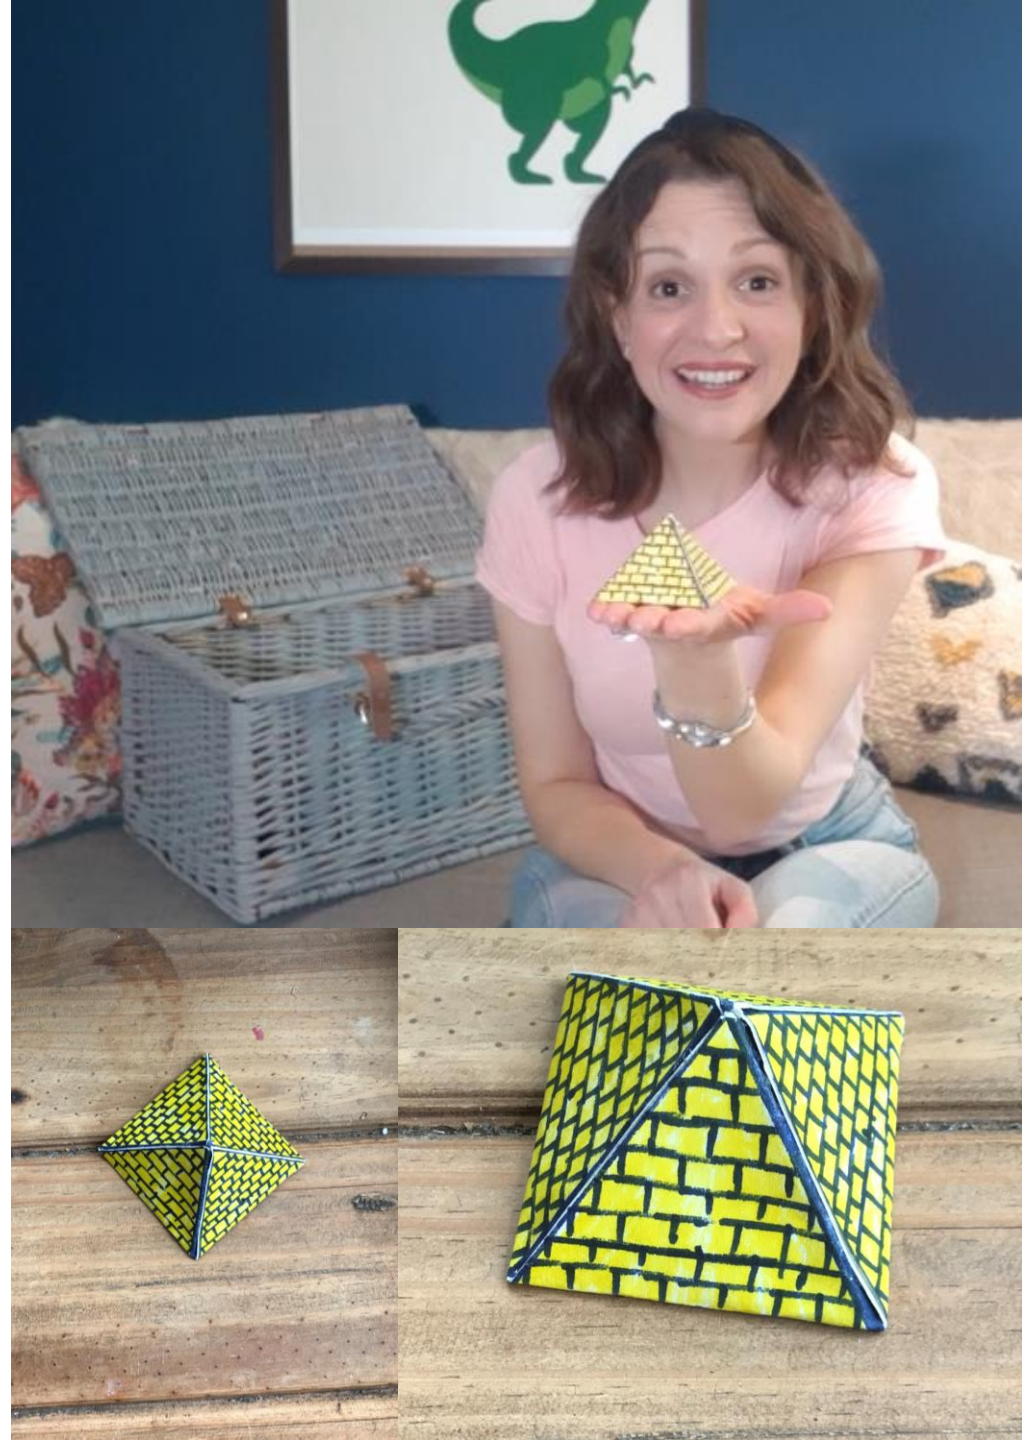

Printout of page two, Scissors, Glue,
Crayons/Pencils/Felt Tips

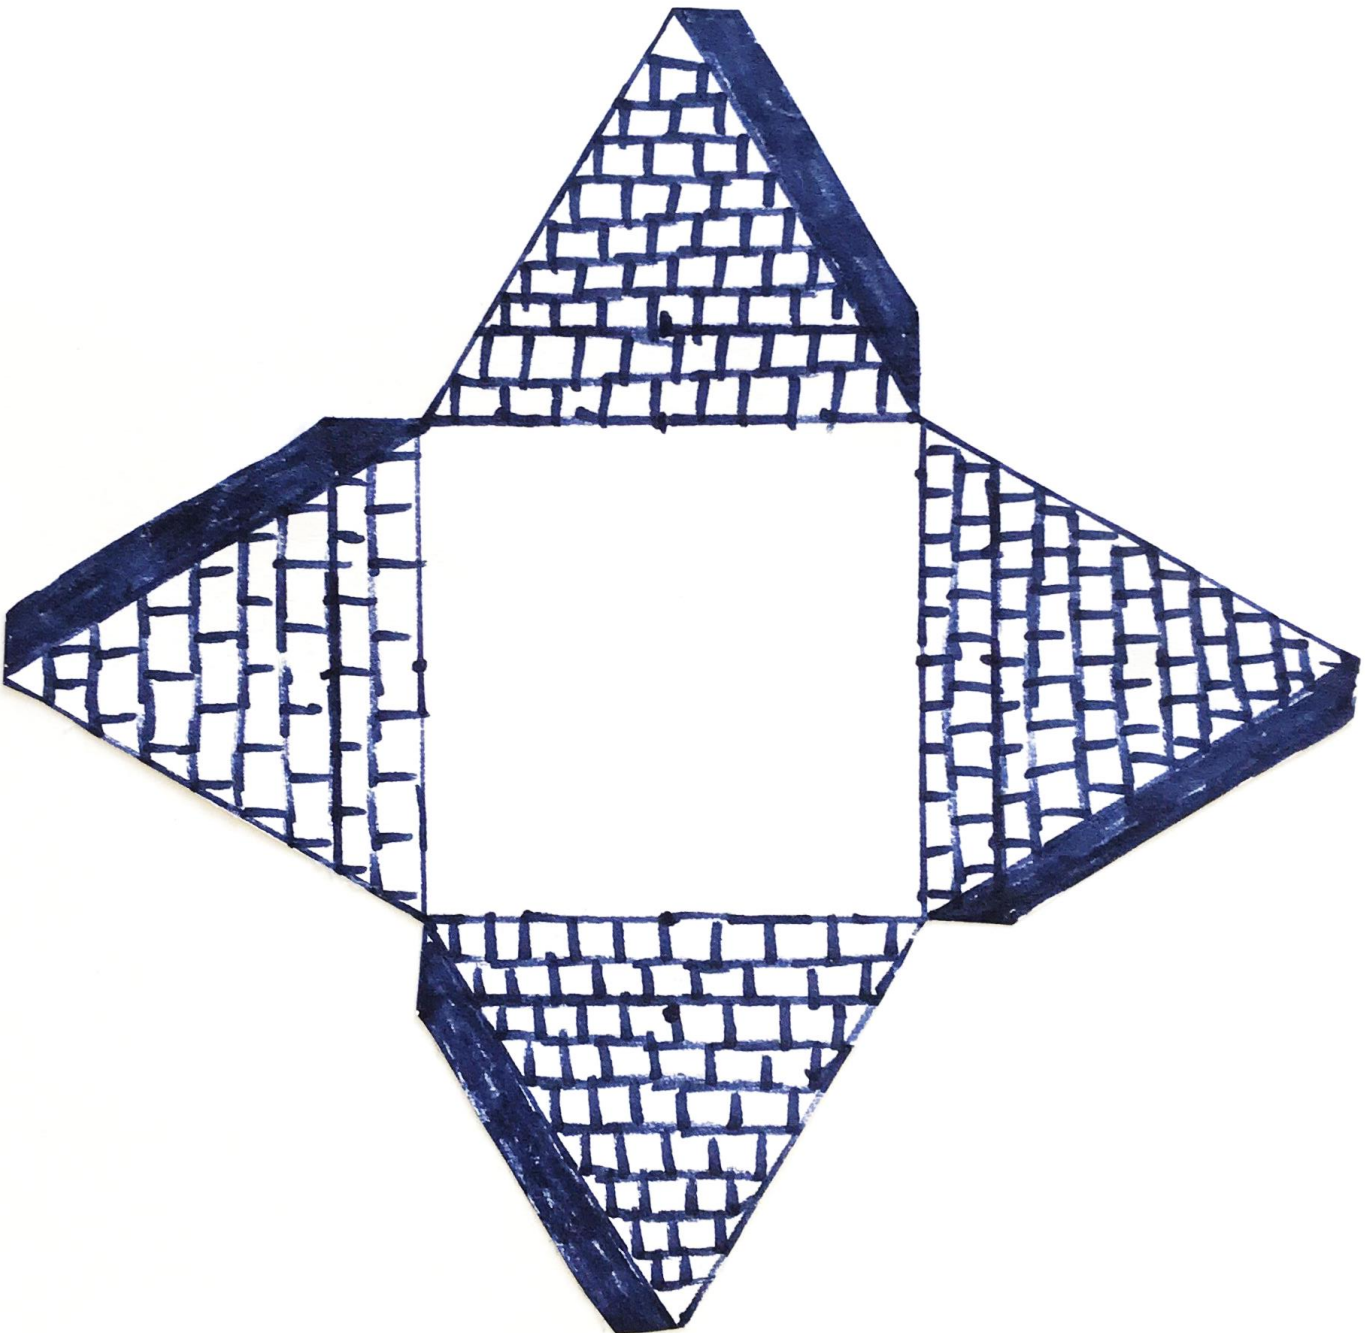

What to Do

1. Colour in your pyramid. The Great Pyramids of Giza are yellow sandstone but you can use any colour you like!
2. Ask a grown up to help you cut out your pyramid template
3. Fold the triangular sides up and the blue tabs in
4. Put glue on the blue tabs and tuck them in to stick your pyramid together
5. Why not print and make several to create a pyramid complex!?
5. Use your imagination to transport yourself to the desert, maybe you'll find some hidden treasure!
