

See Saw @ Home – Create Shape Owls

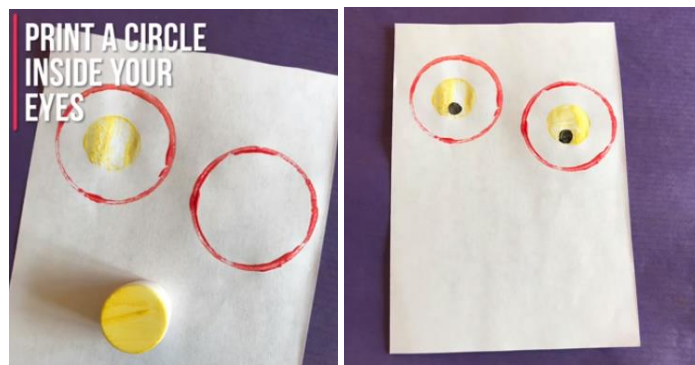

You will need:

- Paper rectangles
- Sponge
- Scissors
- Paint
- Brushes
- Round bottle tops

1. Cut a small triangle from your sponge.

2. Brush paint on your bottle top and print it onto your rectangle. You can use a different sized bottle lid to add the colour of the eyes. Using your brush, add two small dots into the eyes.

3. Mix red and yellow paint to make orange and place your sponge triangle into the colour and print it onto your paper.
