

See Saw @ Home – Create Big Leaves, Small Insects

You will need:

- Paper
- Glue
- Scissors
- Pencil
- Pens

1. Go outside and find some petals and leaves on the ground (don't pick anything!) Look for big and small petals and leaves.
2. Draw a big leaf shape on a piece of paper. You may need an adult to help you get it big enough.
3. Cut it out.
4. Glue small leaves onto the big leaf.

5. Draw legs and eyes onto your small leaves. Maybe add spots and stripes to your leaves too.

6. What other things can you create? Maybe use a big leaf on your even bigger paper leaf. What can you make with the petals? Here are some ideas:
